

SPIRITUAL CLARITY

Mark 8:1-26

RENEWAL: Has there ever been a time when it felt like you saw something you already knew about God with “fresh eyes”? How would your life look different if you believed with every fiber of your being that God is in total control of everything that happens to you? How would your life look different if you believed with every fiber of your being that God loves you unconditionally? What effect do you think it would have on our whole church if God opened our eyes to see more of the beauty of Jesus than we’ve ever seen before? What keeps you from asking God to show you more of Himself?
