

COVID Protocol and Expectations:

1. All students are required to have a negative COVID test 72 hours prior to departure – a rapid test and PCR lab tests are acceptable
2. Email results at least 24 hours before departure to kmoore@northwestbible.org
3. If a student should exhibit symptoms during the trip, the student will be asked to quarantine in a separate room
4. If symptoms worsen, the student and two adults will have to rent a car and return to Dallas separately from the group
5. All waivers need to be completed one week prior to departure for review
6. Students will remain in small groups instead of having large group worship and teaching - masks will be worn indoors outside of their cabin
7. Exposure due to the trip is not the responsibility of Northwest Bible Church and parents assume risk and liability
8. If your student shows symptoms, and tests positive, you must report it to Northwest Bible Church
9. All families will be contacted if any student tests positive as a result from the trip
10. Should the trip be cancelled, money will be forfeited, and refunds will not be available
