INTRO:

CHORUS 1:

Hosanna hosanna in the highest
When You come, everything must change
Hosanna now that You're here
This place will never be the same

INTERLUDE:

VERSE 1:

As You rode into Jerusalem
The city filled the street with palms
And now You've come here like a rushing wind
And we will join with their response

We'll sing

(CHORUS 1)

(INTERLUDE)

VERSE 2:

As You walked the road to Calvary
The cross weighed down with all our sins
Your death paid what You did not owe
So we can sing in freedom

We'll sing

CHORUS 2:

Hosanna hosanna in the highest
When You come, everything must change
Hosanna now that You're here
This place will never be the same

BRIDGE 2X:

You are welcome here You are welcome here
Life is changed forevermore
As You've come before now You have appeared
Life is changed forevermore
You are welcome here You are welcome here
Life is changed forevermore
As You've come before now You have appeared
Life is changed forevermore

VERSE 3:

Now we wait for You expectantly
You promised us You would return
The prophet said, "Your King will come"
So, we rest our hope on that sure word

'Til then

(CHORUS 2 2X)
